Virgil Bolles

(Continued from Page One) growing up, riding broncos and roping. At the age of 16 he became interested in mechanics, an interest which he has retained through the years and which he has made his life's work. His first job was in the shops of the Ford dealers at Panhandle, Texas, where he remained for three years and then switched to Chevrolet and spent 15 years as mechanic and service manager in the Panhandle section. In 1940 Bolles moved to south-

ern California to settle in Torrance as a mechanic for the local Chevrolet dealer. After two years he moved to Compton to fill a similar position. In 1944 he established Virgil's Frame and Wheel Alignment, 1750 West Carson, which was designed and laid out according to his own ideas and is unique in this field.

He is a member of the Torrance Chamber of Commerce and attends the Baptist church. He met his charming wife, nee Kitle Lester, while a resident of Childers, Texas. The couple was married there on Sept. 29, 1920. Their three children, Mrs. Geraldine Jones, Mrs. Christine But-

ters, and son, Clem, who is associated with his father, are all residents of Torrance. Virgil and Mrs. Bolles have good reason to be proud of their two adorable little granddaughters, Bhonett Suzette Butters, 3 and 1½, respectively.

Bolles' hobbies are square dancing, especially when he can dance to the music of Bob Wills, his

boyhood friend. He also enjoys touring by car. When asked to express his opinion as to business prospects, he stated that he considered it especially good for the Torrance area and explained that his business has grown each year since it was opened, and that his new establishment in Hermosa Beach also shows great promise.
